

*SPEC SHEET*

# Pan Lifting Ring

STANDARD

## Specifications

G.A. Systems Pan Lifting Ring is constructed from 1/4" round stainless steel. It's handles are constructed of 14 gauge stainless steel.

The Pan Lifting Ring is designed to assist in easily lowering serving pans into and removing serving pans from our G.A. Systems Hot Cold Dual Operation wells and Steam wells cabinets and drop ins.

Reduce the risk of burns, spills and food waste. Replenish pans with ease and carry heavy pans with better ergonomics with G.A. Systems Pan Lifting Ring.

## Dimensions

ITEM	MODEL	LENGTH	WIDTH	HEIGHT	HANDLE WIDTH
C0686	PLR	20-1/2"	12-7/16"	3-5/8"	6"
C1003	PLRSL	12-7/16"	20-1/2"	3-5/8"	6"
